

Laboratory Manual For Tuberculosis Control

Second Edition
November 2003

National Programme for tuberculosis Control and Chest Diseases

Ministry of Health
Sri Lanka

Contents

	Page
Chapter 1. Introduction.....	01
• Purpose of this manual	
Chapter 2. National Tuberculosis Programme	02
• Overall objectives of NTP	
• How can we achieve the objectives ?	
• What is our strategy ?	
• What is DOTS ?	
• Targets of TB control	
Chapter 3. Microscopy Network in the NTP.....	04
Chapter 4. General information on TB.....	06
• What is TB ?	
• Mycobacterium Tuberculosis	
• How does TB spread?	
• Classification of TB	
• Symptoms of PTB	
• Symptoms of Extra pulmonary TB	
• Who is a PTB suspect ?	
• How are the infectious TB cases detected ?	
Chapter 5. Sputum Microscopy	12
• Aims of sputum microscopy	
• Advantages of sputum microscopy	
• When should the sputum specimens be collected?	
• Value of smear examination for AFB in Extra pulmonary TB	
Chapter 6. Management of a Laboratory.....	15
• Laboratory layout	
• Equipment and supplies	

- Microscope
 - Parts of a microscope
 - Routine operation of a microscope
 - Common problems with microscopes
 - Care and maintenance of a microscope
- Responsibilities of Laboratory Personnel
- Preparation of Reagents
- Safety Precautions and Laboratory accidents
- Disposal of contaminated material

Chapter 7.	Procedure for sputum smear microscopy.....	32
	<ul style="list-style-type: none"> • Flow chart for smear examination • Sputum Collection, Storage, Transport • Preparation and Staining of smears 	
Chapter 8.	Microscopic examination of smears.....	48
	<ul style="list-style-type: none"> • Materials needed • Setting up the microscope • Examination procedure • Grading of the sputum microscopy results 	
Chapter 9.	Recording and Reporting of Results.....	51
	<ul style="list-style-type: none"> • Laboratory Request Form • TB Laboratory Register • Causes of false positives • Causes of false negatives • Consequences of False positive results • Consequences of false negative results 	
Chapter 10.	Quality Assurance of sputum smear microscopy.....	56
	<ul style="list-style-type: none"> • Quality control • Quality assurance network 	
Chapter 11.	Supervision of microscopy Laboratories in the NTP.....	62
	<ul style="list-style-type: none"> • District Chest Clinic Laboratories • Microscopy centres 	
Chapter 12.	Culture for AFB and Sensitivity Tests.....	.66

Annexes..... 75

- Annex 1 - TB Laboratory Register
- Annex 2 - Laboratory Request Form for sputum examination
- Annex 3 - Laboratory Request form for sputum culture
- Annex 4 - Laboratory Report of culture results - Form A
- Annex 5 - Laboratory Report of Antibiotic Sensitivity Test Results –Form B
- Annex 6 - Smear Results sheet for Quality Assurance
- Annex 7 - Blinded Quality assurance of sputum microscopy
- Annex 8 - Quality assurance Report of sputum microscopy
- Annex 9 - Supervisory Check List
- Annex 10 - Colour Plate showing Mycobacterium Tuberculosis

Abbreviations.....86
