Position: Temporary Lecturer in the Department of Disability Studies (DDS) – Full time

Number of positions available: Speech- Language Therapy – 01
Audiology - 01

Duration: 6 months

Job description

An excellent opportunity to build your skills and knowledge in Speech and Hearing Sciences, working at the Department of Disability Studies (DDS), Faculty of Medicine, Ragama. The multi-disciplinary work environment fosters your growth as a clinician and academic with an opportunity to contribute towards teaching, clinical services and research conducted at the DDS and the Ayati Center for Children with Disabilities. There are multiple opportunities for those interested in expanding your horizons into research.

You should be a team player, innovative, an independent-thinker, with good clinical skills and be ready to accept the challenge of learning to teach. A brief description of your duties is as follows.

Teaching

1. Student teaching (theory and practical modules)
2. Module co-ordination.
3. Clinical coordination related to face-to-face and telehealth sessions
4. Administration work
5. Contributing to the ongoing curriculum revision process.
6. Contributing to work related to the quality assurance process.

Clinical

1. Providing therapy for clients at internal (Ayati) and external placements
2. Supervising junior clinicians
3. Student clinical supervision
4. Maintaining and marking students' clinical documents and competency forms.
5. Maintaining resources
6. Contributing towards MDT discussions

Research

1. Assisting student research.
2. Self- initiate research or contribute to ongoing research

Salary details

The salary LKR. 49,960/- + 7800/- (cost of living allowance) /per month.

Requirements

1. A minimum of a BSc. Degree in Speech Language Therapy with a final grade of upper second class or higher.
2. Competent spoken and written English language skills.
3. Competent IT skills.
