

UNIVERSITY OF KELANIYA - SRI LANKA
DEPARTMENT OF SURGERY
Faculty of Medicine
P.O. Box 6, Thalagolla Road, Ragama, Sri Lanka.

Work- Learn –Earn

Part-time job opportunity for undergraduate medial students

There are many students in the university who continue their education with financial constraints. In order to support their finances, the department of surgery wishes to bring the following proposal. This will give the opportunity for the students to work as a coordinator with a teacher in a health care environment. This will enable the students to learn while working and self-support their finances.

- 1) **Eligibility** – Any medical student who wishes to self-employ after hours.
- 2) **Method of application** – A technical officer in the department of surgery will be appointed the coordinator. An application form will be developed. Student is allowed to register in the program via a duly filled application. Application scrutinized and students selected for the program. Only students with financial needs may apply.
- 3) **Scope of work** – Work will be solely related to patients. The work may range from, Co-ordinating patients, clerical work related to patient's care etc.
- 4) **Place of work** – The work will be in named private hospitals during afterhours.
- 5) **Allocation of work** – A roster will be prepared and work allocated according to availability and the roster order.
- 6) **Payments** - Payments will be made on hourly basis and discuss with the student before starting work. Employee is given a card noting the start and leave time. Payments made by the coordinator based on the card.
- 7) **Disclaimer** – The program is solely for student benefit and its completely separate from the formal academic activities. Employees are responsible for their own traveling and safety

Students must fill a "registration form" from the office of the assistant registrar before applying for a part time job.
