

Notice for All MBBS Students

Dear Students,

Please note that you are required to submit a valid excuse if you do not sit for one Continuous Assessment.

I would like to point out the following clauses of the MBBS By-Laws regarding this.

(8) If a student has not appeared for one continuous assessment and has a valid excuse, the student will be awarded a mark that is equivalent to the average mark obtained at the other continuous assessments relevant to that examination, provided that the student has satisfactorily completed the relevant mandatory course work.

(9) If a candidate has not sat for a continuous assessment and does not have a valid excuse accepted by the Senate, the student shall be given a zero mark for that continuous assessment.

(10) If a candidate has not sat for two or more continuous assessments, with or without a valid excuse, the student shall not be eligible to appear for the scheduled end-course examination. Such missed examination shall be counted as an unsuccessful attempt at the said examination.
